Catholic Apologetics Institute of North America

To Whom It May Concern:

Please allow me to introduce myself. My name is Steven Hemler and I am president of the Catholic Apologetics Institute of North America (CAINA) and author of *The Reality of God: The Layman's Guide to Scientific Evidence for the Creator*, published by St. Benedict Press and TAN Books. I am also on the Diocese of Arlington Speakers Bureau. My full bio is on the next page.

***In support of the New Evangelization, CAINA offers PowerPoint and video-based presentations on apologetics, Islam and Christianity, and Church history for adults and youth at Catholic parishes, high schools, campus ministries, conferences, etc.*** Please see [www.cainaweb.org](http://www.cainaweb.org) for more information, including several reference letters.

Given our increasingly secular society and the atheistic worldview often promoted by the media and academic/scientific establishment, the need to strengthen the faith of Catholics and equip the faithful to better explain *why* we believe what we do has never been greater. As Cardinal Timothy Dolan stated while he was President of the USCCB, “We have failed to equip our young people and ourselves with the art of credibly, convincingly, and compellingly defending and presenting our beloved faith. Apologetics prepares us to survive a rational criticism of our faith that is all over the place today. We need it more than ever.”

In addition to the talk my wife and I do on ***Islam and Christianity: What We Learned While Living 13 Years in Saudi Arabia***, CAINA's two most popular presentations are:

- (1) ***Proclaiming the Reality of God: Scientific and Human Evidence of God's Existence***, and
- (2) ***Which is True: Creation, Evolution, or Both?***

These two multimedia presentations present “the rest of the story” on the actual harmony between science and faith, contrary to the prevailing modern myth that they conflict. These apologetics presentations help: (1) dispel doubts, (2) strengthen faith, and (3) equip faithful Catholics to share objective reasons for belief in God with questioning family and friends. They are based on my book, *The Reality of God*, which has the Nihil Obstat and Imprimatur.

Feel free to call or email me at [srhemler@yahoo.com](mailto:srhemler@yahoo.com) if you would like more information or want to discuss scheduling some of CAINA's multimedia presentations at your parish.

Faithfully yours in Christ,

Steven R. Hemler
